A great team

Our friendly team is led by Sonya. Our enthusiastic program workers and casual workers make sure we offer great activities and experiences for children from prep through to year six.

All Jabiru staff meet qualification and training requirements set out in the National Quality Framework and all have Positive Notice Blue Cards.

Fun programs

Each week we display a program outlining the fun things children can choose from. There is always a range of choices, from physical activity to arts and crafts to science experiments. Often, activities or foods are based on suggestions by children and parents. Activities like Calm Kids yoga, Beats Bus drumming and Kids Café cooking are included in the fees.

Yummy food

Jabiru is known for the quality and variety of food. We make healthy food fun. We serve:

- breakfast at before school care
- afternoon tea straight after school
- late snack around 5pm to tide children over till dinner.

Let us know about any allergies, preference, religious or cultural requirements when it comes to food.

Action-packed holidays

Jabiru holidays are heaps of fun. Currently we do not offer our holiday program at our Alexandra Hills location. However we welcome all of our families at Birkdale South, Cleveland, Hilliard or Coolwynpin State Schools. We'll send you our holiday program before the holidays so you can avoid the vacation juggle and know your children will be well cared for with a huge choice of activities and occasional excursions.

Just for preppies

Children can start with Jabiru during the January holidays of the year they start school. We help them settle in, relax, make friends and recover from their busy days.

Before school we walk preppies to their classroom in time for the school bell and pick them up from their classrooms when the bell rings after school.

The basics: when, where, how much!

Central location

Jabiru Kids Alexandra Hills is based in a cottage with a wide veranda at the front of the school near Princeton Avenue. This is where children should be signed in and out and where you will find our parent information, sign-in/out area, on-site admin office for bookings, enquiries and easy payment options, and where our indoor activities take place, including homework and cooking.

The service also uses the school's oval and playground for outdoor fun.
